We specialize in small to mid-sized business financing, including SBA Loans, Commercial Real Estate Loans and Commercial Equipment Leasing. Our associated network has earned a reputation of excellence by promptly and efficiently responding to customer needs. With 19 years in the business, over 3.5 billion dollars funding provided to clients, 8000+ customers and 200 brokers, our network is one of the strongest allies your business can have. So if you are looking to acquire an existing business, start a new business, or expand your existing business we can provide you with different financing options.

One of our competitive advantages is that we have established relationships with over 30 funding sources. This allows you to do one Credit Application and have multiple sources review it, yet only one credit check is done.

Every business is looking to increase their sales velocity. At the Lincoln Financial Group we specialize in providing financial alternatives to your clients when they are acquiring your products. We have several innovative customizable programs we can put in place to help your company achieve and exceed its sales growth.

Streamlined Process. If your customer has been in business over three years and needs up to \$75,000 in financing they can be approved based on just a one page application sometimes in less than 12 hours.

We Can Get Almost Any Type Of Funding For Your Business Needs.

Our success is due to our overall knowledge and market experience in providing services for an extensive range of industries. Below is a list of programs we have developed and funding we have executed in our nineteen years of operation.

- Accounts Receivable Financing
- Construction Financing
- Asset Backed Loans
- Commercial Auto and Truck Leasing
